Approval of Agenda

- C. KASB representatives, Doug Moeckel and Randy Weseman presented training to board members on maximizing district resources. A print off is attached. Board members and administrators had conversation and questions throughout the training. Some points brought up and discussed:

Board Training

Efficiencies – data driven process.

Most monies are spent on people with the High 80% - Low 75% in the state of Kansas.

Breaking down staffing and their effect with programs that might be cut should always be in the forefront when making decisions. "One mans junk and another mans treasure".

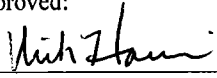

Changing behavioral habits or "that's the way we have always done it" are easier fixes with some savings. Changing behavior to fit the new model is key.

Being active measuring "things" can have some efficiencies. For example, printing.

- D. Nikki Tiller moved and Sherri Gill seconded to adjourn the regular board meeting. Motion carried with a vote of 6 yes and 0 no. Time 7:33 p.m.
